

Montgomery County Government

May 10, 1991

Mr. Chip Berman
Outta The Way Cafe
17503 Redland Road
Rockville, MD 20855

Dear Mr. Berman:

You and Outta The Way Cafe are being recognized for your involvement in recycling and promoting the Montgomery County SORT -- Smart Organizations Recycle Tons -- Program. On behalf of County Executive Neal Potter, it is my honor and privilege to request that you be present at the County's first Business Recycling Awards Ceremonial to acknowledge your efforts. At the ceremonial, County Executive Neal Potter will honor you with a Certificate of Appreciation.

This is the first time Montgomery County Government has recognized members of the Montgomery County business community for recycling, so it is truly an important milestone. I hope that you, or your representative, can join us for the Ceremonial, May 23, 1991, at 8:30 in the morning in the Executive Office Building Lobby Auditorium, located at 101 Monroe Street, Rockville.

As you know, Montgomery County has made waste reduction and recycling a top priority, setting a goal of recycling 40% of residential and commercial wastes by the year 2000. Reaching that goal will require the commitment and cooperation of all Montgomery County residents, businesses, and organizations. We are pleased to acknowledge that many Montgomery County businesses already have demonstrated extraordinary leadership in waste reduction and recycling.

Congratulations and thank you once again for helping to make Montgomery County's business recycling program a success. I greatly appreciate your generosity in sharing your experience and expertise from which all of Montgomery County may benefit. Please let us know who will be attending by calling Kim Mezzanotte at (301) 217-2380, preferably by May 20.

Sincerely,

A handwritten signature in cursive script that reads "Edward U. Graham".

Edward U. Graham
